Press Release

Elevate Specialty Announces Capacity Partnership with Hadron

London, 29th January 2026:

Today, Elevate Specialty announced a new primary carrier capacity partnership with Hadron UK Insurance ("Hadron"), supporting a range of specialty insurance products.

This partnership brings together Elevate's innovative underwriting expertise, cloud-native insurance technology, and customer-focused product design with Hadron's strong underwriting platform and proven track record in delivering specialist capacity solutions across the globe.

Through this collaboration, Elevate Specialty will benefit from substantial A-rated underwriting capacity provided by Hadron. This capacity will enable accelerated growth and expansion across several specialty product lines, including Legal Expenses Insurance, Income Protection and other tailored solutions.

Mickey Attia, Elevate Specialty, CEO "Hadron's disciplined underwriting and dependable A-rated capacity give Elevate the firepower to scale with confidence. Their specialist focus and support for innovative MGAs uniquely position them to help us deliver sustained value across our portfolio."

Hadron brings together financial strength, disciplined underwriting, and modern technology to give MGAs and their partners the transparency and stability they need to scale sustainably. The partnership underscores a shared vision between Elevate and Hadron: to deliver forward-thinking specialty insurance products with greater efficiency, accuracy, and value for policyholders, partners, and stakeholders.

Colin Johnson, Hadron International, CEO: "Hadron partners with forward-thinking MGAs like Elevate that combine class expertise with modern technology and customer focus. Hadron is aligned to deliver better outcomes for clients, brokers, and capital partners as we continue to expand our table of quality MGAs."
